Соглашение устанавливает преференциальный режим торговли в отношении порядка 90 процентов товарной номенклатуры внешнеэкономической деятельности.

Соглашение формирует условия для дальнейшего развития и углубления торгово-экономического сотрудничества между ЕАЭС и Индонезией в сферах, представляющих взаимный интерес для обеих сторон, в том числе в обрабатывающей промышленности, сельском хозяйстве, энергетике, информационно-телекоммуникационных технологиях, исследованиях и разработках, цифровом развитии, техническом регулировании, санитарных и фитосанитарных мерах, таможенном регулировании.

Кроме того, пункт 1 статьи 15.3 Соглашения прямо предусматривает необходимость его ратификации.

В связи с этим Соглашение подлежит ратификации в соответствии с подпунктом "а" пункта 1 и пунктом 2 статьи 15 Федерального закона от 15 июля 1995 г. № 101-ФЗ "О международных договорах Российской Федерации".

В законопроекте отсутствуют требования, которые связаны с осуществлением предпринимательской и иной экономической деятельности и оценка соблюдения которых осуществляется в рамках государственного контроля (надзора), муниципального контроля, привлечения

к административной ответственности, предоставления лицензий и иных разрешений, аккредитации, оценки соответствия продукции, иных форм оценки и экспертизы.

Реализация проектируемых положений не повлечет негативных социально-экономических, финансовых и иных последствий, в том числе для субъектов предпринимательской и иной экономической деятельности, а также не повлияет негативным образом на достижение целей государственных программ Российской Федерации.

Положения законопроекта соответствуют положениям Договора о Евразийском экономическом союзе от 29 мая 2014 года, а также положениям иных международных договоров Российской Федерации.

Вместе с тем реализация Соглашения повлечет выпадение доходов федерального бюджета в размере предоставленных тарифных преференций плательщикам таможенных пошлин при уплате ввозных таможенных пошлин.

The consultations shall take place as soon as possible, to extent possible not later than 30 (thirty) days upon receipt of such a written request. Such consultations shall not prevent the Parties from initiating an anti-dumping, countervailing duty, global safeguard investigation or bilateral safeguard proceeding and shall not impede such investigation or proceeding or imposition of the measures.

Article 5.4
Treatment of Confidential Information

The investigating authority of a Party shall require interested parties providing confidential information to furnish non-confidential summaries thereof. These non-confidential summaries shall be in sufficient detail to permit a reasonable understanding of the substance of the information submitted in confidence in order to allow the other interested parties in the investigation an opportunity to respond and defend their interests. (c) after the on-the-spot verification is completed, and subject to the protection of confidential information, disclose the information that describes the extent to which the data provided by the respondent was supported by the documents reviewed during the verification. The respondent concerned by the on-the-spot verification should be informed of the results of the on-the-spot verification before or in the essential facts in sufficient time for the respondent to defend its interests.

[4] This does not prevent the investigating authority from adjusting the date, where necessary in light of developments in the investigation, and after consultation with the respondent.

Article 5.7

If that interested party submits further information and the investigating authority finds that the response is not satisfactory, or that the response is not submitted within the applicable time limits, and if the investigating authority disregards all or part of the original and subsequent responses, the investigating authority shall explain in the determination or other written document the reasons for disregarding the information.

Article 5.9

(h) the main reasons leading to the determination.

2. Subject to the protection of confidential information, the investigating authority may use any reasonable means to disclose the essential facts, which includes a report summarising the data in the record, a draft or preliminary determination, or some combination of those reports or determinations, to provide interested parties an opportunity to respond to the disclosure of essential facts.

3. The interested parties shall be given no less than 15 (fifteen) days to make their comments on such disclosure.

Article 5.10
Public Notice

A public notice of conclusion of an investigation in the case of an affirmative determination providing for the imposition of a definitive duty or the acceptance of a price undertaking shall contain, or otherwise make available through a separate report, all relevant information on the matters of fact and law and reasons which

Article 5.11
Anti-circumvention

1. The Parties recognise the importance of steps needed to counter circumvention practices and agree to cooperate before resorting to an anti-circumvention investigation. The provisions of this paragraph shall not prevent the Parties from initiating an anti-circumvention investigation and shall not impede such investigation.

2. A Party may apply an anti-circumvention measure to imports of a product sold by producers or exporters from another Party only following an anti-circumvention investigation conducted by the Party's investigating authority.

3. An anti-circumvention measure may not be applied to imports of a product sold by producers or exporters from another Party unless the investigating authority demonstrates the existence of circumvention based on evidence and facts, and not merely on allegation, conjecture or remote possibility.

All interested parties will be provided an adequate opportunity for commenting on such essential facts. Such disclosure of essential facts should take place within a reasonable period of time for the interested parties to defend their interests.

9. Any anti-circumvention investigation shall be completed within 12 (twelve) months of its date of initiation.

2. A Party applying a global safeguard measure, from which imports from the other Party is initially excluded pursuant to paragraph 1 of this Article, shall have the right to subsequently apply a global safeguard measure to imports from the other Party, if the investigating authority determines that the other Party's share of imports of the product concerned in the importing Party exceeds 3 (three) per cent of total imports.

1. Where, as a result of the reduction or elimination of a customs duty under this Agreement, originating goods of a Party specified in Annex 1 (Schedules of Tariff Commitments) are being imported into the territory of the other Party (hereinafter referred to as "preferential imports"[5]) in such increased quantities, in absolute terms or relative to domestic production, and under such conditions as to constitute serious injury or threat thereof to the domestic industry producing like or directly competitive goods in the territory of the importing Party the importing Party may apply a bilateral safeguard measure to the extent necessary to remedy or prevent the serious injury or threat thereof, subject to the provisions of this Section.

2. If the conditions set out in paragraph 1 of this Article are met, the importing Party may apply a bilateral safeguard measure only in the form of:

(a) suspension of the further reduction of any rate of customs duty provided for in this Agreement on the originating good; or

(b) increase of the rate of customs duty on the originating good to a necessary level not exceeding the most-favoured-nation applied rate of customs duty in effect at the time the bilateral safeguard measure is applied.

3. Bilateral safeguard measures shall only be applied upon demonstrating clear evidence that increased preferential imports constitute serious injury or are threatening to cause serious injury.

4. In the proceeding to determine whether increased preferential imports constitute serious injury to a domestic industry under the terms of this Article, a Party's investigating authority shall evaluate all relevant factors of an objective and quantifiable nature having a bearing on the situation of that industry,

[5] For the purposes of this Section "preferential imports" – imports of originating goods under preferential tariff treatment.

in particular, the rate and amount of the increase in preferential imports of the product concerned in absolute or relative terms to domestic production, the share of the domestic market taken by increased preferential imports, changes in the level of sales, production, productivity, capacity utilisation, profits and losses, and employment.

5. A threat of serious injury shall be understood to mean serious injury that is clearly imminent. A determination of the existence of a threat of serious injury shall be based on facts and not merely on allegation, conjecture or remote possibility.

6. A Party's investigating authority shall demonstrate, on the basis of objective evidence, the existence of the causal link between increased preferential imports of the product concerned and serious injury or threat thereof. In this respect, due consideration shall be given to other factors which are also causing injury to the domestic industry at the same time, including imports of the same product from other countries, and such injury shall not be attributed to increased preferential imports.

7. A Party shall apply a bilateral safeguard measure only following a bilateral safeguard proceeding by the Party's investigating authority.

8. A Party shall promptly notify in writing the other Party upon initiating a bilateral safeguard proceeding and the reasons for it. Such notification shall include:

(a) a precise description of the originating good subject to the bilateral safeguard proceeding including its heading or subheading under the HS, on which the schedules of tariff commitments in Annex 1 (Schedules of Tariff Commitments) are based;

(f) the timetable for the progressive removal of the measure, if relevant;

(g) a compensation proposal in accordance with paragraph 14 of this Article.

12. The Parties shall provide the electronic copies of notifications and requests made under this Article no later than the date of the official letters of notifications or request in printed format are sent.

13. The Party shall, within 30 (thirty) days from the date of notification referred to in paragraph 10 of this Article, examine the information provided in order to facilitate a mutually acceptable resolution of the matter.

14. The Party that may be affected by the measure shall be offered compensation in the form of substantially equivalent trade liberalisation in relation to the imports from such Party.

15. Upon the request of any Party, sent within 30 (thirty) days after the receipt of the notification under paragraph 10 of this Article, the Parties shall immediately enter into consultations to arrive at a mutually agreed solution, including compensation. If a mutually agreed solution is reached, this solution shall be laid down in writing and shall be binding upon the Parties. If no mutually agreed solution is reached within 60 (sixty) days from the date of the receipt of the notification referred to in paragraph 10 of this Article, the importing Party may apply a bilateral safeguard measure to resolve the problem and, in the absence of mutually agreed compensation, the Party, against whose good the bilateral safeguard measure is applied, may take a compensatory action.

16. The compensatory action shall normally consist of suspension of concessions having substantially equivalent trade effects and/or concessions substantially equivalent to the value of the additional duties expected or as a factual result of the bilateral safeguard measure. The Party taking a compensatory action shall apply the action only for the minimum period necessary to achieve the substantially equivalent trade effects and in any event after the bilateral safeguard measure entered into force, only while the bilateral safeguard measure is being applied.

17. The compensatory action shall be immediately notified to the other Party in writing at least 30 (thirty) days before the application of a compensatory measure. The notification shall contain:

(a) a description of the compensatory measure, including a description of the equivalence of the compensatory measure;

(b) a precise description of the originating good subject to the compensatory measure including its heading or subheading under the HS, on which the schedules of tariff commitments in Annex 1 (Schedules of Tariff Commitments) are based, if relevant;

(c) a form of the compensatory measure;

(d) the date of introduction of the compensatory measure and its expected duration.

18. A Party shall promptly notify in writing the other Party upon taking a decision to apply or extend a bilateral safeguard measure.

19. The notification pursuant to paragraph 18 of this Article shall include:

(a) a precise description of the originating good subject to the bilateral safeguard measure including its heading or subheading under the HS, on which the schedules of tariff commitments in Annex 1 (Schedules of Tariff Commitments) are based;

(c) the date of introduction of the bilateral safeguard measure and its expected duration;

(d) the timetable for the progressive removal of the measure, if relevant.

20. A bilateral safeguard measure shall be taken for period not exceeding 2 (two) years. The period of application of a bilateral safeguard measure may be extended by up to 1 (one) year, if there is evidence that it is necessary to remedy or prevent serious injury or threat thereof and that the industry is adjusting.

21. A bilateral safeguard measure shall not be applied in the first year from the date of entry into force of this Agreement.

22. With respect to bilateral trade neither Party shall apply, with respect to the same good, at the same time:

(a) a bilateral safeguard measure; and

(b) a global safeguard measure under Article XIX of the GATT 1994 and the Safeguards Agreement.

23. A Party shall not apply a bilateral safeguard measure again on the same good for the period of time equal to that during which such measure had been previously applied.

24. Transition period means, in relation to a particular good, the period from the entry into force of this Agreement until 5 (five) years after the customs duty on that good is to be eliminated in accordance with Annex 1 (Schedules of Tariff Commitments).

25. Bilateral safeguard measures shall not be applied or maintained after the end of the transition period.

Article 12.10
Proceedings of the Arbitration Panel

1. The arbitration panel shall meet in closed session, unless the disputing Parties decide otherwise.

2. Each disputing Party shall be given the opportunity to provide at least one written submission and to attend any of the presentations, statements or rebuttals in the proceedings. All information or written submissions submitted by a disputing Party to the arbitration panel, including any comments on the interim report and responses to questions put by the arbitration panel, shall be made available to the other disputing Party.

3. A disputing Party asserting that a measure of the other disputing Party is inconsistent with this Agreement shall have the burden of establishing such inconsistency. A disputing Party asserting that a measure is subject to an exception under this Agreement shall have the burden of establishing that the exception applies.

4. The arbitration panel should consult with the disputing Parties as appropriate and provide adequate opportunities for the development of a mutually satisfactory resolution or mutually agreed solution.

5. The arbitration panel shall make every effort to take any decision by consensus. Where a decision cannot be arrived at by consensus, the matter at issue shall be decided by majority vote.

6. At the request of a disputing Party, or upon its own initiative, the arbitration panel may obtain information from any source it deems appropriate for the arbitration panel proceedings. The arbitration panel also has the right to seek the opinion of experts as it deems appropriate. The arbitration panel shall consult the disputing Parties before choosing such experts. Any information obtained in this manner must be disclosed to the disputing Parties and submitted for their comments. Where the arbitration panel takes such information into account in the preparation

of its report, it shall also take into account any comment by the disputing Parties on such information.

7. The deliberations of the arbitration panel and the documents submitted to it shall be kept confidential.

8. Notwithstanding paragraph 7 of this Article, either disputing Party may make public statements as to its views regarding the dispute, but shall treat as confidential any information and written submissions submitted by the other disputing Party to the arbitration panel which that Party has designated as confidential. Where a disputing Party has provided information or written submissions designated as confidential, that Party shall, no later than 30 (thirty) days after a request by the other disputing Party, provide a non-confidential summary of the information or written submissions which may be disclosed publicly.

Article 12.11
Interim and Final Arbitration Panel Report

1. The arbitration panel shall issue an interim report to the disputing Parties setting out:

(a) a summary of the submissions and arguments of the disputing Parties;

(b) the findings of fact, together with reasons;

(c) its determination as to the interpretation or application of the provisions of this Agreement, and whether

(i) a measure at issue is inconsistent with the obligations of this Agreement; or

(ii) a Party complained against has otherwise failed to carry out its obligations under this Agreement;

(d) any other determination requested in the terms of reference; and

(e) if there is a determination of inconsistency, its recommendation that the Party complained against bring the measure into conformity with the obligations under this Agreement and, if the disputing Parties agree, on the means to resolve the dispute, no later than 90 (ninety) days, or 60 (sixty) days in case of urgency, after the date of establishment of the arbitration panel. Where it considers that this deadline cannot be met, the chairperson of the arbitration panel must notify the disputing Parties in writing, stating the reasons for the delay and the date on which the arbitration panel plans to issue its interim report. Under no circumstances should the arbitration panel issue its interim report later than 120 (one hundred and twenty) days after the date of its establishment.

2. Any disputing Party may submit a written request for the arbitration panel to review precise aspects of the interim report within 30 (thirty) days of its issuance. The arbitration panel shall consider any written comments on the interim report by the disputing Parties within 15 (fifteen) days from the date of receipt of the written comments. After considering any such written comments by the disputing Parties, the arbitration panel may modify its report and make any further examination it considers appropriate.

3. The arbitration panel shall issue its final report to the disputing Parties no later than 45 (forty-five) days, or 30 (thirty) days in case of urgency, after the issuance of the interim report. Where it considers that this deadline cannot be met, the chairperson of the arbitration panel shall notify the disputing Parties in writing, stating the reasons for the delay and the date on which the arbitration panel plans to issue its final report. Under no circumstances should the arbitration panel issue its final report later than 180 (one hundred and eighty) days after the date of its establishment. The final report shall set out the matters listed in paragraph 1 of this Article, include a sufficient discussion of the arguments made at the interim review stage and address clearly the written comments of the disputing Parties.

4. The final report of the arbitration panel is without appeal. In its findings and recommendations, the arbitration panel cannot add to or diminish the rights and obligations provided in this Agreement.

Article 12.12
Implementation of the Arbitration Panel Report

1. Each disputing Party shall take any measure necessary to comply in good faith with the final report of the arbitration panel. If, in its final report, the arbitration panel determines that a measure at issue is inconsistent with the obligations under this Agreement, or that the Party complained against has otherwise failed to carry out its obligations under this Agreement, the Party complained against shall, whenever possible, eliminate the non-conformity with this Agreement.

2. No later than 30 (thirty) days after the issuance of the final report of the arbitration panel, the Party complained against shall notify the complaining Party of the time it will require for compliance with the final report (reasonable period of time), if immediate compliance is not practicable. The disputing Parties shall endeavour to agree on the reasonable period of time.

3. If the disputing Parties fail to agree on the reasonable period of time within a period of 45 (forty-five) days after the issuance of the final report of the arbitration panel, the complaining Party may, no later than 50 (fifty) days after the issuance of the final report, request in writing the original arbitration panel to determine the length of the reasonable period of time. Such request shall be notified simultaneously to the other disputing Party. The original arbitration panel shall issue to the disputing Parties its determination on the length of the reasonable

period of time no later than 20 (twenty) days after the date of the submission of the request.

4. In the event that any member of the original arbitration panel is no longer available, the procedures set out in Article 12.8 (Composition and Establishment of the Arbitration Panel) shall apply. The time limit for issuing the determination on the length of the reasonable period of time shall be no later than 35 (thirty-five) days[19] after the date of the submission of the request referred to in paragraph 3 of this Article.

5. The Party complained against shall notify the complaining Party within the reasonable period of time of any measure that it has taken to comply with the final report of the arbitration panel. The reasonable period of time may be extended by mutual agreement of the disputing Parties at any time before its expiry.

6. In the event that there is disagreement between the disputing Parties concerning the existence or the consistency of any measure notified under paragraph 5 of this Article with the provisions of this Agreement, the complaining Party may request in writing that the original arbitration panel make a determination on the matter. Such request shall be notified simultaneously to the other Party, and shall identify any specific measure at issue and the provisions referred to in Article 12.3 (Scope) that it considers the measure to be inconsistent with, in a manner sufficient to present the disagreement clearly. The original arbitration panel shall issue to the disputing Parties its determination no later than 45 (forty-five) days after the date of the submission of the request.

7. In the event that any member of the original arbitration panel is no longer available, the procedures set out in Article 12.8 (Composition and Establishment of the Arbitration Panel) shall apply. The time limit for issuing the determination shall be no later than 60 (sixty) days[20] after the date of the submission of the request referred to in paragraph 6 of this Article.

Article 12.13
Compensation and Suspension of Concessions or Other Obligations

1. If the Party complained against fails to notify any measure taken to comply with the final report of the arbitration panel in accordance with Article 12.12 (Implementation of the Arbitration Panel Report), or if the arbitration panel determines that any measure notified under Article 12.12 (Implementation of the Arbitration Panel Report) does not exist or is inconsistent with any provision of this Agreement, the Party complained against shall enter into

[19] For greater certainty, the period of 35 (thirty-five) days does not include any days suspended pursuant to paragraph 7 of Article 12.8 (Composition and Establishment of the Arbitration Panel).

[20] For greater certainty, the period of 60 (sixty) days does not include any days suspended pursuant to paragraph 7 of Article 12.8 (Composition and Establishment of the Arbitration Panel).

negotiations with the complaining Party, with a view to reaching a mutually acceptable agreement on compensation.

2. If the disputing Parties fail to agree on compensation within 30 (thirty) days after:

(a) the expiry of the reasonable period of time; or

(b) the issuance of the arbitration panel's determination that any measure notified under Article 12.12 (Implementation of the Arbitration Panel Report) does not exist or is inconsistent with any provision of this Agreement,

as the case may be, the complaining Party has the right, upon notification to the Party complained against, to suspend concessions or other obligations arising from this Agreement of equivalent effect to those affected by the measure that the arbitration panel has found to be inconsistent with this Agreement. The notification shall specify the level of concessions or other obligations that the complaining Party intends to suspend and indicate the reasons on which the suspension is based. The complaining Party may begin implementing the suspension 20 (twenty) days after the delivery of its notification to the Party complained against, subject to paragraph 4 of this Article.

3. In considering what concessions or other obligations to suspend pursuant to paragraph 2 of this Article:

(a) the complaining Party should first seek to suspend concessions or other obligations with respect to the same sector as that in which the final report of the arbitration panel referred to in Article 12.11 (Interim and Final Arbitration Panel Report) has found an inconsistency with the obligations under this Agreement;

(b) if the complaining Party considers that it is not practicable or effective to suspend concessions or other obligations with respect to the same sector, it may suspend concessions or other obligations with respect to other sectors; and

(c) the complaining Party will take into consideration those concessions or other obligations the suspension of which would least disturb the functioning of this Agreement.

4. The Party complained against may request in writing the original arbitration panel to make a determination on whether the level of concessions or other obligations that the complaining Party intends to suspend is equivalent to those affected by the measure that the arbitration panel has found to be inconsistent with this Agreement. Such request shall be notified to the complaining Party before the expiry of the 20 (twenty) day period referred to in paragraph 2 of this Article. The original arbitration panel, having sought, if appropriate, the opinion of experts, shall issue to the disputing Parties

its determination no later than 30 (thirty) days after the date of the submission of the request. Concessions or other obligations shall not be suspended until the arbitration panel has issued its determination and any suspension shall be consistent with the arbitration panel's determination.

5. In the event that any member of the original arbitration panel is no longer available, the procedures laid down in Article 12.8 (Composition and Establishment of the Arbitration Panel) shall apply. The time limit for issuing the determination shall be no later than 45 (forty-five) days[21] after the date of the submission of the request referred to in paragraph 4 of this Article.

6. The compensation referred to in paragraph 1 of this Article and the suspension referred to in paragraph 2 of this Article are temporary measures. Neither compensation nor suspension is preferred to full elimination of any non-conformity with this Agreement as determined in the final report of the arbitration panel. Any suspension shall only be applied until such time as the non-conformity is fully eliminated, or the non-conformity is determined in accordance with Article 12.14 (Compliance Review) to have been eliminated, or the disputing Parties have otherwise reached a mutually satisfactory solution.

Article 12.14
Compliance Review

1. If the Party complained against considers that it has eliminated the non-conformity with this Agreement as originally determined by the final report of the arbitration panel, it may request in writing that the original arbitration panel make a determination on the matter. Such request shall be notified simultaneously to the other disputing Party. The original arbitration panel shall issue to the disputing Parties its determination no later than 45 (forty-five) days after the date of the submission of the request. If the arbitration panel determines that the Party complained against has eliminated the non-conformity with the provisions of this Agreement, the complaining Party shall cease to apply any suspension of concessions or other obligations that it has implemented.

2. In the event that any member of the original arbitration panel is no longer available, the procedures set out in Article 12.8 (Composition and Establishment of the Arbitration Panel) shall apply. The time limit for issuing the determination shall be no later than 60 (sixty) days[22] after the date of the submission of the request referred to in paragraph 1 of this Article.

---

[21] For greater certainty, the period of 45 (forty-five) days does not include any days suspended pursuant to paragraph 7 of Article 12.8 (Composition and Establishment of the Arbitration Panel).

[22] For greater certainty, the period of 60 (sixty) days does not include any days suspended pursuant to paragraph 7 of Article 12.8 (Composition and Establishment of the Arbitration Panel).

Article 12.15
Suspension and Termination of Arbitration Procedures

1. The arbitration panel shall, at the written request of both disputing Parties, suspend its work at any time for a period agreed by the disputing Parties, not exceeding 12 (twelve) months, and shall resume its work at the end of this agreed period at the written request of the complaining Party, or before the end of this agreed period at the written request of both disputing Parties. If the complaining Party does not request the resumption of the arbitration panel's work before the expiry of the agreed suspension period, the dispute settlement procedures initiated pursuant to this Chapter shall be deemed terminated.

2. The disputing Parties may, at any time, agree in writing to terminate the dispute settlement procedures initiated pursuant to this Chapter.

Time Limits

1. All time limits laid down in this Chapter shall be counted in calendar days, the first day being the day following the act or fact to which they refer, unless otherwise specified.

Subject to the requirement that such measures are not applied in a manner which would constitute a means of arbitrary or unjustifiable discrimination between states where the same conditions prevail, or a disguised restriction on international trade, nothing in this Agreement shall be construed to prevent the adoption or enforcement by a Party of measures:

(i) involving restrictions on exports of domestic materials necessary to ensure essential quantities of such materials to a domestic processing industry during periods when the domestic price of such materials is held below the world price as part of a governmental stabilization plan; *provided* that such restrictions shall not operate to increase the exports of or the protection afforded to such domestic industry, and shall not depart from the provisions of this Agreement relating to non-discrimination; or

(j) essential to the acquisition or distribution of products in general or local short supply; *provided* that any such measures shall be consistent with the principle that the Parties are entitled to an equitable share of the international supply of such products, and that any such measures, which are inconsistent with the other provisions of this Agreement shall be discontinued as soon as the conditions giving rise to them have ceased to exist.
